## HOW TO LOCATE YOUR METER TRANSMITTING UNIT (MTU) ID NUMBER

### STEP 1: Locate your Meter Transmission Unit (MTU)

The Meter Transmission Unit (MTU) is usually located near the water meter in your home.

**STEP 2:** Once you find the unit, look at the bottom of the MTU to find the “MTU ID” and record this number. *Note: The MTU identification number is different than the MTU serial number.*

**STEP 3:** Compare your MTU ID to the list published on SMCMUA’s website. If your ID is a match, please setup an appointment to have the MTU removed by a SMCMUA service representative. It will take the service representative about 10 minutes to remove the MTU. Appointments can be made as follows:

- Online at [www.smcmua.org](http://www.smcmua.org).
- Contacting Customer Service at 973-326-6880 or [customerservice@smcmua.org](mailto:customerservice@smcmua.org).
